

END HUMAN TRAFFICKING PLEDGE

Today, I recognize that the business community is uniquely positioned to help end and prevent human trafficking. Further, I acknowledge that my business can make a difference, and I agree that I have both the opportunity and responsibility as a business leader to join the fight and make an impact. As such, I solemnly pledge to:

1. GET EDUCATED

I WILL GET EDUCATED about what human trafficking is, how to see it, and what to do when I see it, and I will explore the nexus between human trafficking and my business's industry, activities, and communities where we serve.

2. BUILD AWARENESS

I WILL BUILD AWARENESS in my business and networks to inform others about the reality of human trafficking, its presence in our communities, and the opportunity and need for everyone to engage and make a difference.

3. TAKE ACTION

I WILL TAKE ACTION by working with our business and leadership team to develop a corporate social responsibility program or community engagement plan that will be unique to our business and that will meet a need in the community(ies) where we live, serve, and operate.

NEXT STEP: TRAIN YOUR TEAM & GET EQUIPPED TO HELP END HUMAN TRAFFICKING

Take your commitment to the next level, and activate the **End Human Trafficking Pledge & Training Program** for your organization. Contact our founder, Ashleigh Chapman at connect@altusnow.com or visit learnwithjusticeu.com/pledge to learn more and get the support you need to make an impact.
