

# Revolutionize Healthcare Response to Human Trafficking with Just In Time

## Benefits & Impact

### Equip Providers & Empower Patients

Equip your providers with training and tools they need to recognize and respond to human trafficking, and empower your patients too.

### Reduce Uncompensated Care

Identify victims and connect them to tailored services and programs. Reduce repeat visits and readmissions.

### Lower Legal Risk

Stay in compliance with legal and professional training mandates. Plus, build local partnerships and protocols for your setting.

### Provide Holistic Care

Improve care and outcomes for patients and make appropriate referrals to local partners and community-based services.

### Reduce Staff Turnover

Reduce staff burnout and improve morale by increasing provider ability to respond to crises like human trafficking.

## Timeline to Launch

This all-in solution is launch-ready within 100 days of purchase, and is supported for 2 years once launched.
